

DAILY ASSESSMENT FORMAT

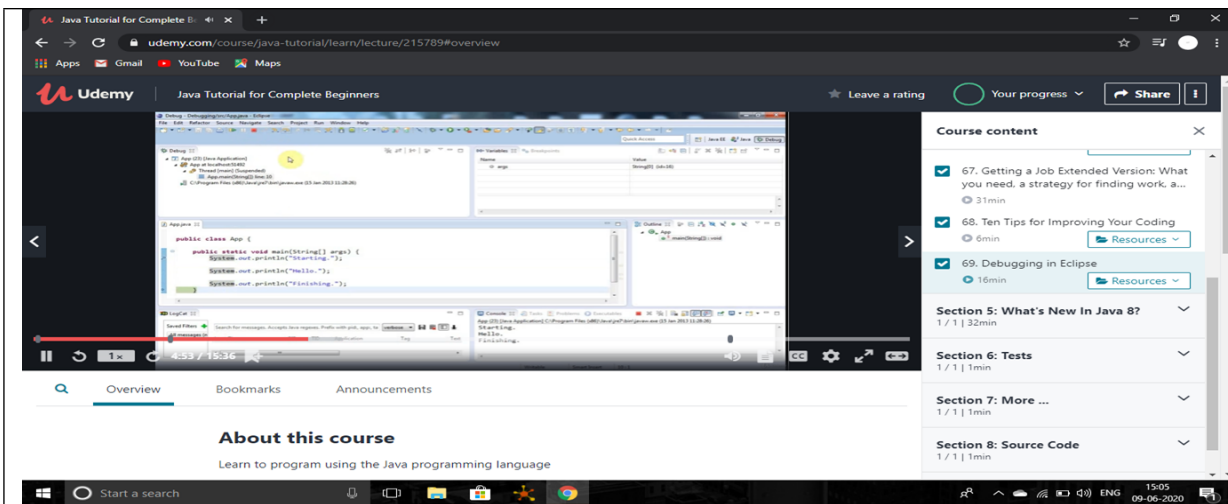

Date:	13 JUNE 2020	Name:	HARSHITHA H
Course:	JAVA	USN:	4AL18EC020
Topic:	1.Appendix 2.Source code	Semester & Section:	IV SEM & A SECTION
Github Repository:	harshithah		

Image of session

The image displays two screenshots of a Udemy course page for "Java Tutorial for Complete Beginners".

Top Screenshot: Shows the course overview page. The main content area features a video player with a thumbnail of a Java IDE. To the right, the "Course content" sidebar lists various topics, including "64. Deciding Which Collection to Use", "65. Complex Data Structures", and "Section 4: Appendix". The "About this course" section states: "Learn to program using the Java programming language".

Bottom Screenshot: Shows a slide from the course content. The slide has a white background with a black border and contains the text: "5. Aim to write the smallest working program possible". The "Course content" sidebar on the right shows the progression through sections, including "Section 5: What's New In Java?", "Section 6: Tests", "Section 7: More ...", "Section 8: Source Code", and "Section 9: Bonus".

Report –

JAVA

Appendix:

- Eclipse shortcuts
- Strategy for finding job
- Tips to improve coding
- Debugging in eclipse
