The screenshot shows the Coursera interface for a quiz titled 'Probability distributions'. The quiz is 30 minutes long and is part of the 'Basic Statistics' course, Week 4. The user, Harshitha H, has completed the quiz and achieved a grade of 100%. The interface includes a sidebar with a list of topics: 'Mean and variance of a random variable', 'The normal distribution', 'The binomial distribution', and 'Review'. The main content area displays the quiz title, duration, and a 'Submit your assignment' button. Below this, it shows the due date (Aug 10, 2:59 PM +08), the number of attempts (3 every 8 hours), and the grade (100%). A 'View Feedback' button is also present.

The screenshot shows the Coursera interface for an R lab titled 'R lab - Probability distributions'. The lab is 1 hour long and is part of the 'Basic Statistics' course, Week 4. The user, Harshitha H, has completed the lab and achieved a grade of 100%. The interface includes a sidebar with a list of topics: 'Mean and variance of a random variable', 'The normal distribution', 'The binomial distribution', and 'Review'. The main content area displays the lab title, duration, and a 'Submit your assignment' button. Below this, it shows the due date (Aug 10, 2:59 PM +08), the number of attempts (3 every 8 hours), and the grade (100%). A 'View Feedback' button is also present.
